Many Months.

Her Allment Seemingly Decayed.

New York, Jan. 21.—A dispatch to the world from London says:

expected death of her oldest and dearest friend, the Dowager Lady Churchill, sent the lady of the bed chamber and member of the royal household for forty-six years.

While the queen has been sleepless at night she has long had strange fits of drowsiness in the day time. When her mind has been clear the queen has tried valiantly to combat this failing. The court officials have also worked hard to keep her from sleeping at the wrong time.

The last time she drove outside the grounds of Osborne, the villagers of East Cowes were astounded to hear the clear treble of the son of the Princess of Hattenberg trilling out popular songs from the royal carriage.

The boy was singing to keep his grandmother awake in obedience to her wishes. Now and again she dozed, waking to tell the boy to continue singing his chant, which she initiated onlooker contained a world of pathos.

The queen drove about in her donkey chaise within the grounds of Osborne house for the last time on Tuesday. The Duchess of Edinburgh, or Saxe-Coburg-Gotha, was her companion.

CARRIED TO HER BED.  
On her return to the castle the queen was asleep. In that condition she was carried to her bed never to rise again.

Dr. Pagenstecher, the German oculist who was attending Somerset for an injury to his eyes, was summoned to Osborne.

She suffered acutely from her eyes owing to her constant crying. Dr. Pagenstecher made a general examination on Monday and reported that the queen had nothing organically wrong, but was suffering from nervous exhaustion.

In her periods of mental activity she harried herself by trying to recall the details of the war. She was constantly wakened by the sound of the war party when the queen favored peace in South Africa.

It was not a wise thing as it turned out, for her household to summon Chamberlain. His efforts to console the queen were fruitless and she abruptly closed the conference.

Subsequently Lord Roberts was directed to appear at Osborne. He reached there last Tuesday. He did not attempt to deceive the queen, but frankly explained the difficulties which had to be overcome before the war in South Africa could be terminated. The interview lasted some time and it was the last time that the queen displayed the wide knowledge which she had acquired in her long reign.

HER LAST DRIVE.  
It was after the Roberts interview that the queen, accompanied by the Duchess of Edinburgh, went for the drive in the air, as mentioned.

Two weeks before the public knew of it Sir Francis Laking had been assigned to Sir Douglas Powell, the famous heart and lung specialist, was summoned to Osborne because of two attacks of heart failure from which the queen suffered on Wednesday night.

At that time the queen's condition had assumed the gravest complication. The Prince of Wales, in order to prevent public alarm or suspicion attended a dinner given to Lord Roberts and subsequently appeared at the theater on Thursday night.

On Thursday the queen had a stroke of paralysis. Since then she has been in a comatose condition.

GAMING AND GAMBLING.  
Dr. Felix Adler, in an Address Points Out the Difference.

New York, Jan. 21.—Dr. Felix Adler in his address on "The Difference Between Gaming and Gambling," made a distinction between gaming and gambling. The former might be for recreation, but when the element of gain is added it becomes gambling.

"The savage and the child are natural gamblers," he said. "The streets of this city swarm with gambling children. Crap is a prevalent species of gambling among them. The Chinese and the Italians are passionate gamblers. On the whole civilized life is the least given to gambling and particularly the life which is orderly and regular is apt to be free from it."

"It is sometimes said that all business is speculative and to a considerable extent this is true. Every man almost who attempts to carry out any great work is speculative and such speculation is productive of the good of the world. But the difference between him and the gambler is that his success depends upon toil and foresight. The gambler wants wages without working. He wants to live well without effort. For this reason he is anti-social in his aims."

"Much is said nowadays about the produce and stock exchanges. It is undeniably true that they offer chances for gambling excellent by no faro bank anywhere. Yet a careful examination will show, I think, that they are valuable elements in progress."

"What we need to do in this day is to lend our influence to the unspeculative side of life. In spite of some improvements this city is still wide open. Give me what is squandered at the card tables in this city and I will change the face of New York."

MAMIE DRUNGOLD SUICIDES.

### PROMINENT CHARACTERS IN THE NEW VENEZUELA DISPUTE.

The seizure by Venezuela of two British steamers, an outcome of the asphalt lake controversy, has drawn the United States once more into a diplomatic snarl with Great Britain. The trouble seems to be, according to the dispatches of Minister Loomis, that the Crespo government has assumed an antagonistic attitude toward all foreigners holding rights granted by the government under ex-President Andrade.

She struck on her head and fractured her skull and received other injuries from which physicians say she cannot recover. Passengers who traveled upon the same train with Mrs. Drungold say that she acted in a peculiar fashion during the entire journey, and it is believed her mind was unbalanced.

### Lost Over Niagara Falls.

Niagara Falls, N. Y., Jan. 20.—John Wisner and John Marsh of this city attempted to cross Niagara river above the falls today. They lost control of their boat and were carried into the rapids. Wisner, who was unable to swim, was swept over the falls and drowned. Marsh, after a desperate struggle in the icy water, was rescued by persons along the shore.

The men were nearly half way across the river when their boat was caught in a field of ice. As the boat passed the power-house both men got out onto the floating ice. The two men floated down the river side by side. Marsh was 200 feet from the shore and Wisner was at least twenty feet further away. At Willow Island several men formed a line, and with the aid of a long pole succeeded in getting near enough to Marsh to rescue him. Wisner clung to the ice until he was tossed off into the water and drifted over the brink.

### KIDNAPPING CONFIDENCE GAME

An Alabama Father Deposits Money for His Boy Who Is Not Returned.

Atlanta, Ga., Jan. 20.—N. F. Frazer of Union Springs, Ala., whose son, Bass, was kidnapped several weeks ago, while a student at the technological school here, has apparently lost \$500 by a decoy letter sent him. Mr. Frazer received a letter stating that if he would place \$500 in gold—the amount he offered for his son—in a sack with potatoes and proceed along the road near the United States federal prison, several miles from this city, he would be by a negro who would ask, "Massa, has you got dem potatoes?"

He was to deliver the sack and its contents to the negro, and his son would appear in the city looking for his father at an early hour Sunday morning. The letter was signed "Fardard," mailed in Atlanta, dated January 16th, and the instructions were specific.

Mr. Frazer's son, a brother of the kidnapper, carried out the plan to the letter, met the negro as arranged and gave him the money and potatoes Saturday night. This morning he was at the hotel mentioned, and no trace of him or the person who received the \$500 can be found.

St. Bernards for Alaska.  
Chicago, Jan. 21.—In a private car filled up especially for their use and comfort, twelve hardy and muscular St. Bernard dogs will leave Chicago today, bound for Alaska. Chicago prospectors will use them in the far north to transport supplies over the glaciers in the Copper River region.

The canines have been given a special course of training by their owner, who says he has hardened them in preparation for the strenuous life they will be forced to lead in the ice fields.

The dogs will be used to draw sleds with an aggregate burden of two tons of supplies and provisions. They will be harnessed tandem, and it is believed that they will afford a solution of the problem of transportation.

Burglars Rifle Letters.  
Chicago, Jan. 21.—Burglars entered the Oak Park postoffice, through a skylight some time after midnight, and with no one to disturb their operations, they opened between 2,000 and 3,000 letters and extracted the money found therein. The amount of the theft has not been estimated, but it is believed Oak Park citizens lost heavily.

The robbery was uncovered by the janitor, who found the floor beneath the letter boxes piled high with torn mail.

Woman Gnawed by Rats.  
Chicago, Jan. 21.—With her face gnawed beyond recognition, and the flesh of her hands and feet eaten by rats, Mrs. Norah Hannigan was found dead at her home, 23 Sennott place, last evening by John Adams, a friend of the family, who called at the house.

The woman's body lay on the floor, with her head resting on the edge of a wash tub. There was every indication that the woman had been dead several days.

The rings from fingers were found scattered about the floor, where they had rested when gnawed by the rats that infested the house, and were rapidly eating the decomposed body.

Bolivia Rejects Chili's Proposal.  
New York, Jan. 21.—A special to the Herald from Washington says: Bolivia has rejected the proposal of Chili contemplating the payment by the latter country of the Bolivian bonded debt, the construction of a railroad connecting Bolivia with a Pacific port, the free entry of goods and the establishment of customs house in exchange for the recognition by the Chili government of Chilian sovereignty over the territory in dispute between the two countries.

The minister of foreign affairs in Bolivia, who urged the acceptance of the Chili proposal, has, in consequence of the adverse action of the congress of his country, resigned his office.

The Chilian minister to Bolivia has left his post on leave, but it is understood that he will be asked to return to LaPaz perhaps with the new propositions.

## GREEK PLOT TO KILL AMERICANS.

A Yonkers Prisoner Tells the Entire Scheme.

## HE WAS TO COMMIT MURDER

Police Believe His Story and Claim to Have Made Some Startling Discoveries.

New York, Jan. 20.—Elias Masuras, a Greek, the complainant in an assault case which came before Judge Kellogg of Yonkers, N. Y., this morning, told a startling tale of a plot of Greek anarchists to kill prominent Americans, and would have told more had the court not stopped him and turned him over to the police that they might quietly investigate the cause. Several arrests have already been made and a number more are planned.

On the stand Masuras said that in Greece he had been a member of an anarchist society. Some time ago it fell to his lot to kill a public man in the United States, and he was ordered to come to this country and place himself under the orders of the American branch of the society. He had never heard the name of the man he was to murder, and understood that, as in other cases, the man who was to be the victim was to be selected after his arrival in this country.

After reaching America, Masuras, according to his own story, went to Yonkers and affiliated himself with a branch of the organization, as well as one in New York. Finally he became frightened, withdrew, and refused to carry out the mission entrusted to him.

From the time he left the organization, he claims, he was annoyed and threatened by members of the society. He remained firm in his determination not to obey the orders, however, and yesterday six of the men came here and begged him to return.

When he still refused, one of the six, which one he could not say, attempted to stab him. The blow was aimed high, however. Masuras was apparently willing to tell more about the society, but Judge Kellogg adjourned the hearing and committed the prisoner to jail, pending further examination.

Masuras was examined by the police, and as a result the warrants were issued. Joseph and James Kiptuakus and Frank Hestakus were arrested by the police. One other Yonkers man and two New Yorkers are named on other warrants, and the police are searching for them. The police assert that they believe the story told by Masuras, and they say that the affair has led to the discovery of an anarchist band of a dangerous character.

Chicago, Jan. 21.—The Record says: After victimizing Mayor Harrison and several hotels in Chicago and other large cities, as the police assert, H. F. Allen, alias W. O. Perry, railroad man, lawyer, politician and alleged representative in the Texas State legislature, has been arrested.

Campbell Breaking Down.  
New York, Jan. 20.—Andrew Campbell, one of the convicted murderers of Jennie Rosschietter, is slowly breaking down in the county jail at Paterson, N. J., his face showing unmistakable signs of collapse since the verdict of the jury was delivered adjudging him guilty of murder in the second degree with McAllister and Death.

Campbell is suffering from a great disappointment in not being set at liberty. Campbell from the first thought the jury would let him out with a lighter verdict than any of the others, and he was much excited on the night of his verdict.

While the people at Paterson generally think the men fortunate in escaping the gallows, the prisoners pretend to say that never did they entertain the slightest idea of being convicted of murder in the first degree.

It is thought that the trial of George J. Kerr for his participation in the events preceding the death of Jennie Rosschietter will begin a week from tomorrow.

Chicago F. of L. President.

He came to La Porte and secured an interview with Attorney Weir, during which Brill became angered and shot the lawyer, the bullet passing through the body above the heart. Mrs. Brill and her two children reside in Cleveland.

## NO MORE HAZING AT WEST POINT.

The Cadets Voluntarily Agree to Abolish It.

## FORMAL STATEMENT SIGNED

Fourth Classmen Not to be Called Out—Gen. Dick and Committeemen Are Highly Pleased.

West Point, N. Y., Jan. 19.—The congressional investigation of the West Point military academy has borne fruit rather unexpectedly. Tonight when the congressmen were hurrying their inquiries to a termination the cadets of all four classes held a meeting in Grant hall and unanimously decided to abolish hazing of every form as well as the practice of "calling out" fourth classmen.

The communication was addressed to Superintendent A. L. Mills, who returned from Washington only this afternoon, and he quickly brought it to Gen. Dick. The committeemen are delighted at the action of the cadets and Gen. Dick, in a few words, said that they would all go back to the House of Representatives confident that in spirit and letter the agreement would be firmly adhered to by the cadets, who made it voluntarily.

As soon as Col. Hein concluded his testimony Col. Mills, superintendent of the academy, handed the following document to Gen. Dick, chairman of the committee:

"West Point, Jan. 19.—To the Superintendent of the United States Military Academy.—Having become cognizant of the manner in which the system of hazing as practiced at the military academy, is regarded by the people of the United States, we the cadets of the United States military academy, while maintaining that we have pursued our system from the best motives, yet realizing that the deliberate injustice of the people in a country like ours should be above all other considerations, do reaffirm our former action abolishing the practice of exercising fourth classmen, and do further agree to discontinue hazing and compelling fourth classmen to eat anything against their desire, and the practice of 'calling out' fourth classmen by class action, and that we will not devise similar practices to replace those abandoned. Respectfully submitted,

"For the First Class—W. R. Bettison, president class 1901.  
"For the Second Class—B. O. Mahaffey, president class 1902.  
"For the Third Class—Quinn Gray, president class of 1903.  
"For the Fourth Class—Joseph A. Atkins, representing class 1904."

After reading this communication Gen. Dick said: "This is a great act of the corps has so impressed the committee that they have every reason to believe that in spirit and in letter it will be carried out by those cadets who are now at the military academy. This action of the men is greatly commended by the committee and will be read by the country with feelings of merited approbation."

DR. MUGGER ON POLITICS.  
Our Greater Cities Are Not Self-Governed and Are Hardly Free.

New Haven, Conn., Jan. 21.—In a sermon preached last night prophesying the line along which the twentieth century may be expected to mark an advance in civilization, the Rev. Theodore Munger, D. D., the retiring pastor of the United Church and senior member of the Yale University corporation, said:

"There are moments when one almost wishes there were in New York an absolute ruler who would crush its rulers. Yet who would seriously advocate it? Our great cities are not self-governed, nor are they in any true sense free. They are governed by robbers and those who sell the souls of men and women for a price. It is not a pleasant sight to see seated in the national Senate in the first days of this century two senators already attained by the courts, one by the very body to which he has been returned, and the other by the courts of his own State. This is an evil which will be remedied when it has grown enough to arouse the people.

"New York city has drunk its cup of lies and shame until it cannot longer endure it and now it is casting it aside."

## ANOTHER CUBAN POSTAL THIEF.

John Sheridan, in Charge of the Money-Order Department of Havana Post Office, Arrested and Charged With Stealing Thirteen Hundred Dollars—Confesses His Guilt.

Havana, Jan. 20.—John Sheridan, who has been in charge of the money-order department of the Havana postoffice, was arrested today and formally charged with the theft of \$1,300 sent from the postmaster at Guantanamo, Dec. 6th—\$1,235 in cash and \$65 in checks. He has confessed his guilt and admits having destroyed the checks.

Sheridan was appointed from the Boston postoffice on the organization of the service in Cuba. He was made postmaster at Matanzas. About a year ago he was placed at the head of the money-order department at Havana, with a salary of \$1,000. He seemed a trustworthy man, and the authorities considered the expediency of appointing him postmaster at the time former Postmaster Thompson was removed.

An investment of \$1,800 in stocks in Boston first attracted suspicion to Sheridan. He now offers to refund what he has taken.
